INTRODUCTION

NEXUS Energy Innovation Pvt.Ltd traces its roots back to 2009, when our visionary founder, Shahjee Rahman, launched the company with just four fuel carts and a dedicated team of nine. Operating under the name Shahjee Petroleum Services, we entered the energy supply market with a simple but powerful mission: to deliver quality fuel, accurate quantity, and on-time service to our customers. For nearly a decade, our consistent performance and customer trust led us to a major milestone in 2018, when we transitioned from a sole proprietorship to a registered private limited company, Shahjee Petroleum Pvt. Ltd. Building upon this strong foundation, we established a new and independent Corporation, **NEXUS Energy Innovation Private Limited** to drive forward our passion for cutting-edge energy solutions and innovation.
